Experience

Video Specialist

March 2018 to Present

Producers Playhouse – Edmond, OK – Main camera operator and proficiently use many different types of equipment such as a Glidecam, Jib crane, and a Sony FS700 with a Shogun Flame for 4k footage. Proficient in Adobe Premiere CC, After Effects CC, and Davinci Resolve for editing.

Camera Production Assistant

May 2015 to March 2018

Pilgrim Media Group – Los Angeles, CA - Worked with camera crews in a supervisory role for keeping track of each camera operator's footage and ensuring their cameras were ready and operational at all times.

Project Maintenance

May 2012 to December 2017

United States Gypsum Company – Southard, OK – Held a major role in the engineering department, tasked to use skills in construction, plumbing, and fabrication to keep the department and plant running smoothly. Trained and safety certified in the use of backhoes, man-lifts, fork lifts, fork trucks, skid-steer loaders, front-end loaders, super-sucker industrial vacuum trucks, and excavators. Confined space certified.

Education

Bachelor of Arts in Film & Media Studies

January 2013 to December 2017

University of Oklahoma – Norman, OK

Associates in Applied Science in Information Technology - Multimedia

August 2010 to December 2012

Northern Oklahoma College – Enid, OK

Skills

Adobe Premiere CC (3 years), Adobe After Effects CC (3 years), Final Cut Pro 7 (2 years), Cinema 4D (1 year), Adobe Photoshop CC (1 year), and Davinci Resolve 14 (<1year).

I am an extremely hard worker and believe videography requires an artistic eye to pick out discerning details that can make or break a video. I am willing to put in the time and effort to see a project completed on time and correctly. I firmly believe that I have the skills, talent, and drive to be an asset on any project.
