## OBJECTIVE

Having operated my own sewing business for eleven years, I have taken on many challenges in my field. I've created many of my own patterns and designs for which I've used to create my high-quality boutique clothing and Halloween costumes. I credit my longevity to my attention to detail, my ability to meet timelines and manage high-stress situations.

### Deadly Seduction (Feature Film)

Costume Designer/Department Head  
December 2020

◦ COSTUME INGENUITY

## EDUCATION

---

### Professional Seamstress

Eleven years' experience

I am an accomplished seamstress that has built my business from the ground up. I have participated in many high-traffic craft and market shows where I had to design and set up my own booth. I've started my business from my dining room table and worked my way into my own brick and mortar boutique in my hometown. Several local photographers have used my clothing in their own advertisements and I've also had my clothing carried in local boutiques. I have altered evening wear, bridal wear, uniforms as well as everyday clothing.
