I am a recent graduate of the Oklahoma Film & Television Academy's "Set Ready" course. In May of 2020, I graduated from the University of Oklahoma where I specialized in film production. I am able to travel throughout Oklahoma and possess significant experience in small-budget feature logistics and communication. Thank you for considering me for your next production.

CREDITS

Feel So Good | Producer | Fall 2020

I made a microbudget indie feature in Oklahoma. Adapted from an award-winning short film I also produced, Feel So Good required a tireless 4 months of preproduction followed by 3 months of shooting. I created shoot schedules, hired crew, secured locations, managed disbursement, coordinated craft services and worked to raise money for equipment and wages. There were no Covid-19 cases that resulted from filming.

Feel So Good | Director of Photography | Fall 2020

Duties required use of a Z-Cam E2 with a set of 5 Leica prime lenses. I operated a tripod, camera slider, jib, car mount and Steadicam. I was also responsible for storyboards, lighting design and digital imaging.

Student editor, reporter | NonDoc Media | March 2018 - Jan. 2020
