Bulldog Production Services Inc. is Oklahoma's leading supplier of Grip, Lighting & Film Camera rental equipment, with the largest inventory in the state of Oklahoma.

In the industry since 1985, we take pride in being the most experienced, reliable and knowledgeable source for your equipment needs. Our equipment includes an Arriflex SR11 Super 16mm Camera, 1, 3 & 5 ton Grip / Lighting Trucks, 500 & 200 Amp Cystal-sync Generators, HMI's, Jib Arms, Dollies, Kino Flo's, Sony mics, Azden wireless transmitters/receivers, Shure FP-33 mixer, Tascam DAT Recorder, Sony PD-150, and a 15 passenger 1-Ton crew/cargo van with heavy duty tow package.

Although we are primarily an equipment rental service, we do offer equipment sales. We are a Matthews Studio Equipment dealer, a Mole-Richardson dealer, and a Lee Filters dealer. We can handle all your expendable needs - from bulbs, tape, blackwrap, color correction, diffusion and party gels.

Brian Blagowsky, owner of Bulldog Production Services, has 25 years of experience covering all aspects of film and video production. Past projects include dozens of both large budget (HBO, Orion Pictures, Warner Brothers Pictures, Touchstone, FOX,) and small budget feature films, hundreds of local, regional and national television commercials (numerous ADDY award's), over 100 music videos (7 Dove Awards), corporate and industrial training films, documentaries, syndicated television programs and numerous other projects. Although working mostly as a Gaffer, Key Grip or Director of Photography, Brian is skilled in many areas.

Brian is the President of the Oklahoma Association of Film & Video Professionals. This trade association was established to help represent and support individuals involved in the film and video industry throughout Oklahoma. Brian has the largest, most up-to-date database of technicians in the state, now available online at: www.oklahomaproductionguide.com. Brian's knowledge of local crew and equipment is unmatched, and he is happy to assist you with any of your crewing needs.

Brian was also the creative force and sponsor behind the Oklahoma Film Institute at Oklahoma Community College, and has contributed nearly twenty-five thousands dollars in equipment and related services to help develop and operate this summer workshop program. Brian has even gone one step further, by creating the Oklahoma Film Academy. This non-profit educational training programs' goal is to help educate students in film & video production techniques, equipment and procedures.
