EXPERIENCE

Bartlesville Health and Rehab, 3434 Kentucky PI, Bartlesville Oklahoma, 74006 — CNA

September 4th 2020 - Ongoing 2020

Working in a nursing home environment has only nourished and strengthened my love for this career path. I look up to the LPN's and RN's who work with me and aspire to be like them one day.

Bios Home Health, 513 E 3rd st, Bartlesville Oklahoma, 74003 — NA

August 2020 - August 2020

As a nurse aid I was not certified yet and home health was a lot of pressure so I moved to a nursing home in hopes of finding some mentorship and guidance.

EDUCATION

Bartlesville High School, 1700 Hillcrest Dr, Bartlesville Oklahoma, 74003 — High School Diploma

Graduation year: 2019

My highschool experience, the good and the bad has done nothing but better me as a person and a student. I was in cheer for 3 years there and a football manager for one year.

Tri County Tech, 6101 Nowata Rd, Bartlesville Oklahoma, 74006 — CNA certification

August 10 - September 4th

Elizabeth Lawrence was my CNA instructor and another LPN assisted during clinicals, her name was Maggie. I got not only the education needed to be a CNA but I also found extra work opportunities through my teachers. After hearing real life experiences and the different ways nursing has impacted countless lives I know there isn't a career I'd rather do.

SKILLS

Quick Learner

Consistent and on time.

After going to OSU my studying skills have improved tremendously.

I'm generally very social and can adapt to unfamiliar situations.

LANGUAGES

English, Spanglish
