### **Employment Experience:**

Apple Studios (Supervisor Josh Etzkorn) – 903-453-1168 – Bartlesville, OK – Jan. 2021 – March 2021

- Worked as a production assistant for HSC Department ensuring all Covid compliance was being met by checking in all crew members every morning to ensure they filled out their Covid questionnaire for the day as well as taking their temperature before allowing access into the warehouse/set.
- Responsible for developing the Covid Compliance system put in place such as having a crew member at the guard shack taking temperatures and ensuring all Covid questionnaires completed, then another crew member posted at the door to check crew into the computer system showing that they are allowed in the building. Setup Covid testing room with tables and supplies for nurses.
- Transported equipment from the production office to the set construction/set decoration warehouse.
- Checked in all third party vendors, checked their temperatures and provided them with gloves and face masks before allowing them inside the building. Made sure they signed NDA's as well.
- Helped United Rentals fill and empty hand washing stations as well as cleaning/restocking/sanitizing trailer restrooms.
- Responsible for working with the owner of the warehouse to find best locations in the warehouse to setup Covid testing station, handwashing/eye washing stations as well as ensuring that production was not utilizing parts of the warehouse deemed off limits by the warehouse owner, then relaying this information to construction department head and production coordinator and production supervisor.
- Chose rooms to use for storage for set decoration and HSC dept and cleaning out these rooms and sanitizing them. Also moved all boxes containing supplies for each dept into their designated rooms.
- Kept all sanitation supply tables stocked with masks, hand sanitizers, disinfect wipes, etc.

- Diversified Systems Resources (Supervisor: Charlie Bailey) - 918-336-6900 - Bartlesville, OK  
- Oct. 2017 - April 2019

- I worked as Senior Tech Support Analyst for a dedicated project that was responsible for maintaining VPN connections for dialysis clinics all across the nation.
- I utilized a monitoring tool that allowed me to get real time updates on the current status of all 3,000+ clinics.

- This position required me to develop contacts at various internet providers who were higher up the chain than standard ISP tech support agents in order to get these medical facilities back online as quickly as possible.
- This position also required me to work with the corporate engineers for the clinics on a daily basis and respond to any requests they had promptly to ensure that DSR kept a great professional relationship with the company.
- Gathered knowledge of configuring modem/routers and VPN routers and basic networking skills.

- Caresource (Supervisor: Meacham Pool) - 918-250-7051 - Broken Arrow, OK - April 2015 - December 2016

- I worked as a Delivery Technician delivering Home Medical Equipment and supplies.
- Some of the equipment I delivered/serviced included Full Electric Hospital Beds, Hi-Lo Electric Hospital Beds, 5 Liter and 10 Liter Oxygen Concentrators, E-Cylinders, D-Cylinders, M6-Cylinders, Suction Machines, Standard and Reclining Wheelchairs of various sizes, Broda Chairs, Geri Chairs, Scoot Chairs, Low Air-Loss Mattresses, Prevention and Suspension Mattresses, CPAP and Bi-PAP Machines and supplies ranging from Gel Cushions for Wheelchairs to various oxygen tubing and oxygen masks.
- This was my 3<sup>rd</sup> HME Company to have worked for and have 6 years of Home Medical Experience. Used to working late nights and working on-call.

- Diversified Systems Resources (Contract Position) - 918-336-6900 - Bartlesville, OK - Aug. 2013 - April 2015

- I worked as layer 1-2 Tech Support for multiple corporations globally.
- I was responsible for maintaining secure VPN connections for locations which involved knowledge of networking equipment such as VPN routers as well as DSL modems and cable modems.
- My department was reserved for technicians who proved to be ahead of the curve, reliable, calm, cool and collected while under stressful situations.

### **Skills:**

- I have experience editing footage with Adobe Premiere and Final Cut Pro.
- I am familiar with different cinema cameras such as Arri Alexa, RED Dragon and Black Magic.
- Production Assistant experience as well as transportation of equipment (non-CDL).
- I have worked as a Camera intern pulling focus, laying focus markers and measuring focal lengths.

- I am familiar with using various types of hand tools from drills, screwdrivers, soldering guns, etc.

### **Special Interests:**

- I am currently a Board Member on the Bartlesville Film Society, a non-profit organization founded in February of 2016 and based in Bartlesville, OK. I help decide films to screen, organize each screening, help raise funds to pay for expenses of operation and undertake various roles at each screening from operating audio and video equipment to speaking about the film being screened or educating the audience about certain aspects of the film. There is a screening once per month.
- I volunteer for the “Hops for Hope” fundraising event in Bartlesville once a year.
- I enjoy making short films, editing and scoring them myself as I’ve been playing multiple instruments for 21 years now. I also enjoy acting in local plays.
- In my spare time I enjoy building and restoring old guitars, which is how I developed soldering skills and become familiar with using hand tools of various sorts.

### **Education:**

- Rogers State University - Bartlesville, OK - Summer 2011

Continued basic studies during the summer and completed 6 more credit hours.

- University of Oklahoma - Norman, OK - Aug. 2006 – Dec. 2007

Film and Video Studies major, as well as basic studies. Left after three semesters without receiving a degree.

- Bartlesville High School - Bartlesville, OK - Aug. 2002 – May 2006.

Graduated with a high school diploma in May of 2006.
