## Objective

I'm a graduate of the Oklahoma Film and TV Academy (OFTA) and I am able to travel. As a PA I am able to preform a variety of duties including necessary paperwork (Exhibit G, release forms and excel under pressure). I would love to bring my skills to your production.

## Experience

Metro Appliances March 2015 to March 2021

I would install all home appliance's ranging from dishwashers to built in refrigerators. I would work with customers and help achieve the look that they are wanting. I would do small or major modifications to complete the look and install of each appliance. Traveling was a must. With each day there was a different location and situation for every work order.

Green Pastures Studio March 2021 to Current

This job has many duties, for instance set building, trouble shooting and working with a team to help assists in creating sets and basic construction. I also work with and help out around the studio with sound; basic lighting and I.T troubleshooting.

LuvBass Productions November 2009 to Current

Would set up and tear down events and shows. Run lighting and sound, check for quality in all systems. Set dates and location, book artist, design web base promotions, help program lighting systems, and work with artist to maintain positive relations. Assist with artist to help stay on task with release dates. Work with a crowd of people to help promote positivity through out the event.
