

# Annie Lake

---

I'm a young woman wishing to go further into the film industry as a crew member and team-player. I am fit, energetic, and great with people. I have reliable transportation and am willing to travel.

## **Film:**

**Killers of the Flower Moon:** I started out as a BG then moved to crew as a HSC Monitor and then moved on to be a AD PA.

**Street Outlaws:** I worked as a PA mostly helping with the craft serviles.

**Momma Bird:** (low budget) I was 2nd AC for cinematographer Ryan Broomburg. The camera I assisted with was a Red Komodo Stormtrooper.

## **Stage Hand:**

I have 6 years experience as a stage hand. Transporting heavy stage peices, building video walls, dressing tresses, using cables and listening closely to instructions. I'm good with a pallet jack, and overhand underhand cable coiling. I've worked on countless Broadway plays, major concerts and community events.

## **School:**

University of the Nations, Digital Film making, Kona HI

**OFTA:** Set ready course, slate 11.

Thank you for you consideration
