Producer:

I have been working in the industry since 1989 and have 22 years of extensive experience producing commercials, documentaries, independent features, live concerts, and music videos. I have produced spots world wide and have a unique ability to keep clients, agency, directors and EP's happy during the process. I know how to work with extremely large budgets as well as small budgets and my goal is to always ensure success creatively and financially. I also have produced many projects with A List TV, Film, Music, and Sports celebrities.
