After beginning his career in New York, Kabe worked his way up from delivering rental video packages to traveling the world as an audio professional.

Working mainly with small crews, his experience includes audio, camera, assistant camera, lighting and various related aspects of television and film production. He works well with a team, has excellent communications skills, and knows how to work in a timely manner in high pressure situations.

Always looking to gain knowledge and create a quality product, Kabe is driven to be the best at whatever project he is working on.
